We'll be raising a limited number of meat chickens this summer, so if you are hoping to reserve a quantity of birds for your freezer, now is the time to place your order!

We hatch our own heritage Jersey Buff Turkeys (lighter weight but great flavor and texture) and augment the flock with the standard white turkeys (wider breast, heavier birds).

All birds are raised on pasture and fed a custom local grain mix that is free from antibiotics, growth hormones, and animal waste.

All poultry sales are direct and birds must be picked up on the farm.
